***The Perfect  
Bike for Every  
Little Rider!***

# ABOUT US

Our journey started in 1975 as **Gramo Rubbers**, where we made bicycle parts like pedals and rubber components. Over time, we grew and established **Chandan Industries**, expanding our production to chain wheel cranks and bicycle handles. We have always focused on quality and proudly supply to top manufacturers.

As we moved forward, we launched **Oyekid Bikes**—a brand dedicated to high-quality kids' bicycles. Our bikes are designed for a smooth, safe, and fun riding experience at affordable prices. Unlike many others, we prioritize quality over cost-cutting, ensuring durability and safety.

Kids love speed and adventure, and Oyekid Bikes grew most trusted brand with its vibrant colors. Our bikes are adjustable, feature removable baskets, and are built to last—perfect for passing down in the family. Investing in an Oyekid bike is an investment in quality, fun, and cherished childhood memories. **It's worth it!**
